

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">International Journal of Plant &amp; Soil Science</a>
Manuscript Number:	Ms_IJPSS_41970
Title of the Manuscript:	Assessment of Soil Fertility Status for Bambara Groundnut Production in South-eastern Tanzania
Type of Article:	Original Research Article

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The authors have introduced new errors in the manuscript – where I recommended that words be deleted, the authors have added the word “deleted” to the text. Lines 28, 36, 60 and 346. They must also check thoroughly in other areas.</p> <p>In line 361 the word alarmingly is meaningless, I recommended its removal but the authors left it there – it makes the sentence meaningless.</p> <p>In the consent section the authors are saying they got consent from “farmers’ fields”. That can never be correct – consent is obtained from farmers.</p>
