Manuscript Number:	Ms_IJR2H_44265
Title of the Manuscript:	Recurrent thrombocytopenia in a patient with severe iron deficiency anemia
Type of the Article	Case Study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	References list has some mistakes and deficiencies. Please make necessary arrangements.	This has been corrected.
Minor REVISION comments	Capital and simple letters are mixed up in some places	This has been modified.
Optional/General comments	Very well written. Congrats. What happened to WBC count with treatment?	Thank you, the white count was slightly low only once, then it was normal on all subsequent CBCs. However that mild leukopenia plus the other cytopenias at presentation raised the question of a primary bone marrow disorder.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	No ethical issues exist in this paper.

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
