

SDI Review Form 1.6

Journal Name:	International Journal of Research and Reports in Hematology
Manuscript Number:	Ms_IJR2H_44265
Title of the Manuscript:	Recurrent thrombocytopenia in a patient with severe iron deficiency anemia
Type of the Article	Case Study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1) Does the difference of EPO concentration between before and after iron administration exist?</p> <p>2) What is the needed blood examination at IDA with thrombocytopenia?</p> <p>3) The authors had better touch the change of WBC by iron administration.</p> <p>4) The authors observed large platelets. Which does the author mean such large platelets?</p>	<p>We did not measure erythropoietin levels, so cannot answer that question.</p> <p>Same needs as for any patient with iron deficiency anemia.</p> <p>Her white count was slightly low (3.6) only once, all subsequent CBCs had normal white count.</p> <p>Large platelets were seen on exam of her PBS, this is a subjective evaluation.</p>
Minor REVISION comments	Nothing	
Optional/General comments	Nothing	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
