

**SDI Review Form 1.6**

|                          |   |
|--------------------------|---|
| Journal Name:            | <a href="#">International Journal of Research and Reports in Hematology</a>   |
| Manuscript Number:       | Ms_IJR2H_40872  |
| Title of the Manuscript: | Imbalance of Serum estrogen and progesterone concentrations in puberty age girls suffering from sickle cell anemia in tribal population |
| Type of the Article      |   |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments | <ol style="list-style-type: none"> <li><b>1. Introduction:</b> Line 36: "Menarche is delayed by a mean interval of 2-3 years."---- this line needs citation.</li> <li><b>2. Solubility test:</b> Line 108: "Negative test was indicated by visible li" --- incomplete line.</li> <li><b>3. Hb Electrophoresis:</b> Lines 111-113: "Each of the major haemoglobin types has an electrical charge of a different degree, so the most useful method for separating and measuring normal and abnormal haemoglobins is electrophoresis."<br/>And<br/><b>Results&amp; discussion:</b> Lines 152-154: repetition of same sentence, consider this.</li> <li><b>4. Conclusion:</b> Line 204: "...patients with SCD with and without evidence of iron overload"... is there any measure done to show this (eg. Serum ferritin), isn't this significant here?</li> <li>Few grammatical errors to be corrected like in <b>Conclusion:</b> Line 213: "sickle cell trait lead <b>an</b> normal life."</li> <li><b>6. Reference:</b> Needs to be corrected, must be in a different page; follow journal guidelines. No italics, year of publication should be just after the name of journals.</li> </ol> |   |
| <b>Minor</b> REVISION comments      |  |   |
| <b>Optional/General</b> comments    |  |   |

**Reviewer Details:**
