PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Needs definite language editing. Pain management in –bone – definitely needs careful consideration for a case who is already addicted. Rather wise counsel will be to make the patient adopt pain tolerance and avoid therapy.	
Minor REVISION comments		
Optional/General comments
