SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Remove "of" from the following sentence : "We report of an outbreak investigation" in line 13. In line 17, write <i>Bacillus anthracis</i> in italic. In line 30, change "occurs" to "occur". In line 65, change "bacillus" to "<i>Bacillus</i>" In the end of introduction, authors should add an idea to determine the aim of the study. The introduction is a bit long it should be shortened. In line 220, change "has" to "have". The reference 41 is not cited in page 11. Remove names of months from references Writes names of journals in abbreviations.	Thanks for the insightful comments. We appreciate it. "of" has been removed in line 13. <i>Bacillus anthracis</i> is now in italics in line 17. In line 30, "occurs" has been changed to "occur." In line 65, "bacillus" has been changed to "<i>Bacillus</i>." In line 220, "has" has been changed to "have". Reference 41 has been cited in page 11, line 266, it was an omission. All names of months from references have been removed with names of journals all abbreviated. The length of the introduction is to enable the reading audience have a better understanding of Anthrax. Its sporadic nature makes it unknown to others. Hence, an in-depth introduction about Anthrax would make all readers appreciate and understand this outbreak investigation. Also, the aim of the study is clearly stated from line 91 of the introduction.
<u>Optional/General</u> comments
