SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The authors should change the title of the manuscript, once "helminthes" is a very wide term and, in true, they studies only the interaction among malaria, intestinal nematodes and anemia. Change 'helminthes' to 'gastrintestinal nematodes'	We have included "gastrointestinal helminthiasis" to be consisted with malaria (the disease) in the title
<u>Minor</u> REVISION comments	The text must be revised, and the authors should be careful in writing scientific names.	The text has been revised accordingly, and, the scientific names taken care of.
<u>Optional/General</u> comments	The manuscript brings important information to public health and must be published after corrections.	We absolutely agree with comment!
