SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Marked on the article and the required explanations are made.	Corrected
<u>Minor</u> REVISION comments	Marked on the article	Corrected
<u>Optional/General</u> comments	There is no scientific approach to the study. There is inadequate assessment of the direction of Epidemiology. I do not understand the number of cases of scorpion stings in a year which will bring clarity to the issue or how to provide a scientific forecast. Briefly describing the title and that is not a scientific article. Also there are many spelling mistakes in the article.	Paper re arranged and corrected for the scientific approach
