SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	1.Title page; need to delete the species (twice atime) 2. line9, genus name in cap 3.line 13-15 rewrite, because there is no meaning 4.line 46 correct it 5.check 48 line 6. line 63-64. Oil extraction was correct method? Explain 7.line 76, author using mice or rat? Check it	Clearer statements has been used in lines 13-15. Line 46 and 48 have been corrected. The method is correct. We adopted the traditional method used by the local community. Actually the mice were infected from the blood collected from infected rats. To avoid confusion I shall delete rat so the the statement reads infected blood.
<u>Optional/General</u> comments	Author need to check and whole manuscript, some of them no meaning, so read carefully one by one and correct it, resubmit to journal
