PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Simple review study, does not add much information to what is already known Would be better to add atypical symptoms and presentations of the disease	Thanks for the consideration. Cysticercosis is rare disease in head and Neck, with case reports piling up, yet no so uncommon. Present review covers all the reported presentations, required for an Head and Neck surgeon. It also highlights the importance of FNAC and sonography.
