SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	I appreciate the authors focus on the implication of young age, developing countries, and especially on the impact of nutrition on the incidence of diarrhoea. I particularly appreciate the discussion of nutrition on the incidence of diarrhoea on the very young. This concept and implication should be emphasized in the literature, due to the very importance in developing nations for the very young and poor. I appreciate the categories of issues included in the paper that are the following: INADEQUATE KNOWLEDGE POVERTY AND ITS ASSOCIATED FACTORS POOR MANAGEMENT OF DIARRHOEA I find the paper to be informative and though provoking. I cannot find any significant grammar issues.	Your appreciation is commendable and accepted. Action has been taken according to your suggestion on concept and implication of nutrition on the incidence of diarrhoea on the very young.
