SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	After reviewing this paper, I find it very weak. I can't consider it as original research or short communication. the author (s) focused on the prevalence rate of Malaria in India. There is too many writing mistakes There are too many repetition At the beginning, The authors used abbreviation without any explaining About references citation in the text, the authors used both methods (numeric "1,2..." and names " Alemu et al. 2012.."). Usually, we must use one method Fig 2 is not necessary! Table 3 had not been cited in the text. I guess this table 3 is not necessary	As per suggestions we made appropriate changes in the study. We removed the authors name from the text. Figure 2 is removed from the study.
