

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_27450
Title of the Manuscript:	PERSPECTIVES ON HEPATITIS B VACINATION AMONG HEALTH CARE WORKERS IN NIGERIA
Type of Article:	Review paper

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The review is better now, but the inputs may be more concise . Eg overview of 3.2 Hep B vaccination among HCWs and 3.3 prevalence of vaccination discusses the same thing. Hence separate headings may not be given. Methodology the papers discussed should be cited in the references ,eg 4 documents from CDC, site the reference nos. and likewise all other papers that have been mentioned in methodology, say u can cite 3-7 for CDC and 8-9 for WHO likewise	Thanks for your comment. Overview of 3.2 deals with general HBV vaccination history globally while overview 3.3 deals with the vaccination history among HCWs in Nigeria only, thus only Nigerian studies was reviewed under this section. It further buttresses the low vaccination history among HCWs in Nigeria. It has been corrected but the format given could not be followed exactly as that will alter the in-text references. Thanks.
