PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Line 89: Is it only infant acute severe malnutrition? If not please changed to child	Infant is changed to child in section 3.2. Study design and subjects, line 81
Line 93: please specify the age of children (e.g. children aged 6-59 years or children under five years, whatever applicable)	We specify "children under five years" in section 3.3. Sample size and subjects selection;, line 93
Line 262: what do you mean by rupture of drugs – please clarify – if it is a mistake please change it. Is it a shortage?	It was a mistake, we change "rupture of drugs" to "drug shortage" in section 4.2. The component "input/resources"
Table 1: lot of spelling mistakes and some are capital please change and revise the table	"OHPC" is changed to "OPHC" in table 1 "Avaibility" is changed to availability in table 1
Line 252-253: Is it brachial circumference or mid arm circumference? Please change.	"brachial circumference " is changed to "mid arm circumference" in section 4.3. Acute malnutrition management process
Table 3: Better to keep average weight gain at one decimal point for better clarity.	Average weight gain is kept at one decimal point in table 3
Line 336: rupture of drug – please change as line 262	It was a mistake, we change "rupture of drugs" to "drug shortage" in section 5.1. The input/resources for acute malnutrition management.
Line 380-381: need a reference to this point.	The reference to this point is provided: Reference Number 29, in section 5.3. Acute malnutrition management "Results"
Line 391: 4.05 instead 4,05	4,05 is changed to 4.05 in section 5.3. Acute malnutrition management "Results", in 3 rd paragraph.
Need to improve grammar in the whole article.	Professional English editing service is used for this. Correction are highlighted in blue
