SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-It lacks the rigors of research -Title is misleading. Nothing was mentioned about impact on international health -Many long paragraphs without references. -Only few references were cited	The rigor f research has been captured through detailed information on the methodology based on the scope of narrative review. The discussion has now been broadened and well captioned to capture to convey the true intent of the article. The references have been beefed up with more additional information, and the references objectively increased.
