SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Please explain all abbreviations (DOTS and Category II regimen) – not all the readers are familiarized with Tuberculosis. Materials and Methods: Write this section continuously. Avoid subtitles or different sections. No citations are to be listed here.... This should be only a rough detailed explanation on what and how it was done. Eliminate Plate 4.2.- That image is not relevant for the paper. Please add a section of Conclusions... Discussion is great! Just need to land the idea in a couple of sentences for a strong conclusion on your paper.	DOTS and Category II regimen explained Not breaking this section into sub titles will muddle up the section and could be confusing. Secondly, in the general guide to authors, already published methods are to be mentioned with references. Plate 4.2 deleted Conclusion section included
<u>Minor</u> REVISION comments	Very important to review grammar and structure in every paragraph.	This has been looked into
<u>Optional/General</u> comments
