PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Yes, for me was very interesting how they make the adaptation of the international models for to educate how to make the management of the diabetes in Nigeria	If I understand you correctly, you are asking how the international models are used to educate and also; how diabetes is managed in Nigeria. This will be highlighted in the review paper. Thank you for your comments.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	It is a good review article because explains how they try to educate patients with diabetes to try to get control over the illness in Nigeria.	Yes, but there is a lot of demand placed on the medical team. But are they prepared and proactive? This needs to be answered.
