PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	I do not understand why ethical approval no need as mentioned by author. Furthermore, why review article need patient consent. This need to meet.	Thank you for your observation. However, I am not familiar with the need for ethical approval when writing review papers hence patient consent is also irrelevant. I did not conduct a research nor did I collect data from any respondent. Every information was obtained from existing literature.
<u>Optional/General</u> comments
