

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_29115
Title of the Manuscript:	PREVALENCE OF GARDNERELLA VAGINALIS AND TRICHOMONAS VAGINALIS AMONG FEMALE STUDENTS IN BINGHAM UNIVERSITY
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
1. Title –could be modified.. to read PREVALENCE and correlates OF..... 2. Inconsistent statement ..line 18,19,20 ...Bivariate analysis using correlation coefficient of 0.2065, 0.5863 and 0.4086 for factors such as age, symptoms and predisposing factors shows a moderate positive correlation between 3. Line 21,22...age was significantly associated with <i>T.vaginalis</i> (p<0.05) as other factors considered in this study showed no significant relationship with the infection.....author fails to give the respective p-values to support statement 4. Line 107,108...Chi square test was used to determine if there is a significant relationship between the two variables....which two variables? 5. LINE 319,320..... 6. Nil tables showing p-values(the said Chi square analysis) 7. Author should seek guidance of a biostastician/and/or revisit the analysis afresh keenly.	Title has been modified Inconsistent statement has been edited. Line 107,108 has been corrected Line 319,320 has been edited p-values have been presented on tables
