SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Methodology section: What was the age group of women interviewed in Nigeria and Egypt? This information is missing for the two countries. Lines 224 – 225, delete the meaning of patriarchal society within the bracket; most readers know the meaning. References – some journal names are written in full while others are abbreviated. The authors should be consistent and follow the journal's style and format.	
<u>Minor</u> REVISION comments	Punctuation: Comas and hyphen are missing in several locations where they are needed. The authors should correct these. For example, comas in lines 10,14,1725,35,45, 56; e.g. in line 10 coma after "mortality,...."; hyphen in lines 11,56 e.g., ".....population-based....."	
<u>Optional/General</u> comments	The paper addresses an important paediatric social health issue that has not received sufficient attention in Africa.
