SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The topic of the current study is the "Evaluation of Health Inequity Status of In-School Youths in Uyo Capital Territory, Nigeria". The authors evaluated health inequity status of urban youths in a Niger Delta region of Nigeria. Specifically, the demographic profiles of the respondents were analysed, the pattern of health inequity indicants were ascertained and the pattern of index of health inequity status of the urban youths were assessed. The authors concluded that there is wide gap in health and socioeconomic wellbeing of the younger generation across the households. The topic of this study is interesting and the findings are valuable. The manuscript is written well and the findings are displayed clearly. There are only a few points to be revised which are listed in the section below.	
Minor REVISION comments	- What does "N" (which is displayed in the last column of Table 1) refer to? It should be defined in the title of table 1. - What does "a, b, c, d" (which is displayed in the last column of Table 2) refer to? They should be defined in the title of table 2. - The format of the references is not uniform.	
Optional/General comments	-
