FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Though the work seem to be promoting an RDT kit to the public (?)	We mentioned in the section "Disclosure" of the manuscript that "The findings and conclusions in this paper are those of the authors and do not necessarily represent the views of any of their affiliated Research Institutions. Furthermore, mention of any company name or product does not constitute endorsement by the authors. None financial support has been allocated for this study". So, the idea about promoting this RDT kit must not be thought by the reader.
