SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The Title: Study focused on the Prevalence rate and not incidence rate, you may need to modify the title. Line 12: The bite of an infected female Line 13: We now have five species of Plasmodium, please add the fifth one. Line 16: Morbidity and mortality of malaria has reduced, please cite WHO 2016. Line 79: Please change scoring to observing. There should be a table showing the parasite density of the participants. The conclusion is too long.	Corrections have been effected according to reviewer's comments Parasite densities in relation to age, blood group and season has been appropriately inserted in Table 3 The conclusion has been shortened.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	This is a good manuscript. The Author should address the issues outlined above.
