SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Should state in the Patients & Methods Section the age criteria he planned to accept or if there were no age limits. Also want to know how he got the controls: Were they non-SCA patients who were attending the hospital for malaria etc In Results, it is stated that BMI of SCA pts was greater than that of controls- His results show they had less BMI Fig 1 should indicate that SCA pts are blue; Controls Green Anaemia is incorrectly spelt on Lines 135, 138, 161 & may be others.	Age limits stated. Source of controls stated. BMI was lower in SCA. It was a typographical error. Figure 1 clearer. Spelling of anaemia corrected.
<u>Minor</u> REVISION comments	Would like more recent References	Recent reference added.
<u>Optional/General</u> comments
