SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Kindly publish this paper after putting period when it was conducted. This is a key issue in Africa and human disease Put period when study was done on tittle	The period when the study was done (November and December 2014) was indicated in the MATERIAL AND METHOD section ab-initio (highlighted in red color in the manuscript). The consensus of opinion among authors is that since this is a cross-sectional survey (and not a longitudinal study), it is not necessary to include the period of the study in the title.
<u>Minor</u> REVISION comments	none	
<u>Optional/General</u> comments	Make smaller paragraphs	The sentence that appears to be too long has been broken down into two (highlighted in red color in the manuscript). The final paragraphing is at the discretion of the editor.
