SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Line 124 Table 2 says Causes of false positive widal test, it must say: false NEGATIVE	"False positive" has been changed to " False Negative "
Minor REVISION comments	It is very easy to read, good review, as a text. I have no major changes	
Optional/General comments	It should be emphasized that the titles for diagnosis will depend on the country and its epidemiology. It is an interesting text, as a basis for them to know adequately the test of widal in all countries. Good contribution
