General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	I congratulate the authors for their work. The study of activation of the immune response and cytokines that regulate this action is fundamental to understanding various diseases. the authors could change the sentence on line 35. "The immune response involves CD4 cells that stimulate the production of antibodies by B cells".	Thank you for your review, I appreciate your comments. The line has now been revised accordingly.
Optional/General comments
