SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Routine case report. Surgery under LA is not uncommon even though now its not performed under LA Performing under LA is risky. Anesthetist should be arranged for a GA before venturing to procedures like this. What would you do if LA fails ? Keeping patient in the neck extended position for 2.5 hours under LA is unacceptable. What will you do is a ligature on superior pedicle slips when patient is just under LA	
<u>Minor</u> REVISION comments	Nil	
<u>Optional/General</u> comments	Nil
