SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	NO	
Minor REVISION comments	NO	
<u>Optional/General</u> comments	This paper deals with a well-known topic that is very relevant in clinical practice. The subject is important for the different medical specialties in particular for internal medicine, surgery and diagnostic and interventional radiology. The high mortality of 40 percent is attributed to the late approach as a consequence of the late seeking of patients for medical care.
