SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	- The quality of English is not acceptable. The article must be reviewed. - Abstract: In Results, the sentence "The bivariate analysis..." must be rewritten. - Abstract: the conclusions should be rewritten, based on the conclusions of the article. - Keywords: exclude "Democratic Republic of Congo" - Page 6, line 123-124: this sentence is repeated. - Page 11: correct the word "Table" - Results, page 14, line 210: the authors wrote that the odds ratio was 0.44. Please explain it. I suppose that malnutrition is associated with poor outcome, than odds ratio must be higher than 1.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
