SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors set out to determine association between self-perception lifestyle and overweight/obesity among People with a Family History of Type 2 Diabetes. The manuscript needs a language editing especially the abstract and conclusion. However, the following comments may be helpful: Title change title to: Association of Self-perception Lifestyle with Overweight / Obesity among People with a Family History of Type 2 Diabetes: A Cross Sectional Study Abstract 1. Change aim: To analyze the association between perception of lifestyle and overweight / obesity among people with diabetic parents. 2. Method: Edit language Introduction 1. Is diabetes a degenerative disease? Line15 think is non-communicable disease. 2. Merge paragraphs 1 & 2 3. Merge paragraphs 3 & 4 4. Lines 34-35, Paragraph 6, edit 5. Merge paragraphs7 – 9 6. Line 45 change "in" to "among" Method 1. Delete exclusion criteria: It is tautology, saying the opposite of inclusion criteria 2. Line71: Change "fill" to "complete" 3. Let sample size follow sampling Results 1. Table 3 & 4 can be merged. Indicate table 3 as total scores in table 4 2. Can you promote another table showing weight status stratify by healthy/unhealthy lifestyles. Discussion	

SDI Review Form 1.6

	1. The manuscript needs language editing in general. 2. Paragraph 2 can be discussed under limitation of the study before conclusion. 3. With 15 participants having unhealthy lifestyle, I doubt if the rules of some of the statistics performed were satisfied.	
Minor REVISION comments		
Optional/General comments
