SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	This study is well structured and organized. Nevertheless you should indicate why you have not investigated related phenomena such as hope, status anxiety, quality of life related to illness and health, fear, or other issues that fail to understand better the results you produce. Also you should be able to discuss and arrange better the various more significant parameters with literature especially for what concerns patients with cardiovascular and chronic diseases.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
