SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	General: There are some grammatical mistakes. The manuscript should be copy edited by a native English speaker who is familiar with professional medical writing. Abstract: What is IYCF? Although explained later, it should be explained within the abstract. What is CF? – is it complementary foods? It is not clear and should be explained the first time it appears. Results: You should not repeat data that appears in tables and figures also in the text Discussion: Recommendations (lines 206-209) should be in the last part of the discussion. I failed to find any paragraph dealing the limitations of the study.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
