**PART 1: Review Comments**

|                                            | <b>Reviewer's comment</b>                                                                                                                                                                                                                                             | <b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                      |
| <b><u>Minor</u></b> REVISION comments      | The article is a well-written one. But I have some suggestions:<br>The headings in the paper should be numbered as below:<br>Introduction<br>1.Education and...<br>2.Modifying...<br>3.Education for...<br>4.Research<br>5.Dermoscope-guided...<br>Conclusion remarks |                                                                                                                                                                                      |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                       |                                                                                                                                                                                      |
