PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		,
	This article is interesting and helpful, but need Serious	
	Major revision:	
	 English is poor, authors have to invite a 	
	translator	
	 Were 3352 specimens obtained from 3352 	
	patients, or some of samples repeated?	
	What sort of patients – were there urological	
	patients, or patients with any other diseases	
	were included too?	
	 It is local regional study – nevertheless in 	
	References international articles also should	
	be noted, not Indian only. I recommend	
	some recent most important:	
	- Wagenlehner F, Tandogdu Z, Bartoletti R, Cai	
	T, Cek M, Kulchavenya E, Köves B, Naber K,	
	Perepanova T, Tenke P, Wullt B, Bogenhard F	
	and Bjerklund Johansen TE. The Global	
	Prevalence of Infections in Urology Study: A	
	Long-Term, Worldwide Surveillance Study on	
	Urological Infections. Pathogens 2016, 5, 10;	
	doi:10.3390/pathogens5010010;	
	- ZaferTandogdu, Ricardo Bartoletti,
