<u>Compulsory</u> REVISION comments Kindly go through the attached revised manuscript and respond to queries raised accordingly.	This topic " Ebola preparedness of health facilities" is very relevant to Africa and other developing countries in general, considering the fact that Ebola is an emerging disease and has become a global threat. Countries that are potential hotspots for Ebola must be combat ready. There are a lot of typographical and grammatical errors which are highlighted in the attached manuscript Most of the categorical statements are not substantiated/supported with relevant references. Please look into this and check the highlights in the manuscript The references appear in about 3 formats, I will implore the authors to see the journal specifications for referencing	Thank you. Errors have been corrected per your advice References have been provided now. This, we believe has been harmonized now
