General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comments (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please describe Method section: it is important to know how author(s) had access to data of the Survey; Subheadings, i.e., procedures, inclusion criteria, etc.	The method section has been included in the manuscript, this include the study area, study design, sample size and access to data source, sampling technique, statistical variables and data analysis. We requested for data from the NDHS, which is a public domain data set available freely online. (www.dhsprogram.com) with permission from the Opinion Research Corporation Macro International, Inc. (ORC Macro Inc. Calverton, MD, USA) Please kindly see the highlight in the revised manuscript. Thanks.
Minor REVISION comments		
Optional/General comments
