PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is relevant and must be accepted for publication. The usefulness of the MRI for the follow-up of the RA is well exposed. Although expensive it is a procedure that can be used in some patients. The article is relevant and must be accepted for publication. The usefulness of the MRI for the follow-up of the RA is well exposed. Although expensive it is a procedure that can be used in some patients	Although MRI is expensive, Brazil's health profile allows access to the examination through several health plans and also through the Single Health System (SUS), although it is less accessible to the needy people who depend on the public health system.
Minor REVISION comments		
Optional/General comments
