PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper describes THE INFLUENCE OF HELICOBACTER PYLORI INFECTION ON MALARIA PARASITAEMIA AMONG SYMPTOMATIC PATIENTS IN BUEA, CAMEROON . I believe that this study lays the foundation for future studies. However, the paper needs language corrections before being published. The manuscript seems sloppy with multiple typos, misspellings and grammatical errors. Please use the abbreviations in only first sentence. Please correct `H. pylori` to `Helicobacter pylori`, References should be checked out for journal text rules.	Correction of the abbreviation of H.pylori to Heicobacter pylori has been effected. References have been deleted in abstract and corrected in the manuscript for uniformity.
Minor REVISION comments	Text should be checked out for writing mistakes	All typo errors have been corrected in the body of the work
Optional/General comments	The subject is interesting of a rather important public health issue. . It can be publish after minor revisions.	Thanks. All mentioned corrections have been effected
