

SDI Review Form 1.6

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_43041
Title of the Manuscript:	Clinical Interpretation and Diagnostic Relevance of Hepatitis B Serological Profile Testing
Type of the Article	Review Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

SO

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	There are English language structural issues, that make some sentences lack meaning. I would suggest an English language editorial review to the manuscript to give such sentences a clearer expression.	We would have appreciated this observation if the sentences were highlighted for correction.
Minor REVISION comments	I am concern that only about 30% (20) of the quoted references are less than 10 years in publication. The use of more recent publications would give the manuscript a more contemporary standing.	This has been adjusted. Thanks
Optional/General comments	Table 2 is a good idea, but the large amount of literature in the table makes it cumbersome. Tables should rather be a highlight of the main literature, to be understood at a glance.	This might not be necessary considering the target population and the topic under discuss
