

SDI Review Form 1.6

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_39649
Title of the Manuscript:	Multi organ Failure Associated with Epstein-Barr viremia-An elusive diagnosis: A Case series
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Abstract is well presented. Keywords: Replace "Multi-organ dysfunction" with "Multi-organ Failure" and HHV-6 with HSV-4. Italicize scientific names within text. For e.g, <i>Staphylococcus aureus</i> , <i>Pseudomonas aeruginosa</i> etc. Reframe Title of Table 1 to: "Multi-organ Failure associated with EPV among the cases investigated".	
<u>Minor</u> REVISION comments	The study is quite interesting and has some sense of novelty. 1. Legend (Key) under Table 1 is muddled up and doesn't make much sense. Find a better way of representing them and present only those relevant to the investigations. 2. What is Figure 1, 2 and 4 depicting? 3. Reference should be cited in Line 164-167.	
<u>Optional/General</u> comments	Findings are not supported with sufficient literatures.
