PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The present case report demonstrates the gastrointestinal involvement in Leptospirosis in the form of colonic perforation and peritonitis progressing to multiorgan dysfunction leading to sepsis. The article was thoroughly reviewed and I have come to the conclusion that 1) The article is written well in both language and technical concepts. 2) The topic is discussed in brief relevant to the point. Based on my above comments, I suggest that the article has to be accepted by the journal for publication.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
