**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	- There are lots of spelling and grammatical errors. Please revise whole draft.	We have revised the whole text of the article.
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Overall it's a good article which aims to find out the neuropsychological management in a patient with Right Hemisphere Damage. Luria's approach seems to be effective in such cases where the cognitive capabilities are compromised.	Thank you very much for your comments and revision.

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	It has been noted.
