

SDI Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_30189
Title of the Manuscript:	Simultaneous estimation of Diphenhydramine Hydrochloride and Naproxen Sodium in raw and tablet formulation by Reverse Phase - High-performance liquid chromatography method
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Title: - "... Chromatographic method" please correct. Abstract: - "No previous method of analysis shows good separation at less retention time and less cost" should be skipped or moved to Results and Discussion. - "...and 100-500 mcg/ml, respectively" please correct. Introductuon: - Page 2 (second paragraph): please revise the review of method for analysis [15]=UV spectrometry; [16]=HPTLC; [17]=spectrofluorometry; [18]=AAS; [19-20]=Flow injection; [21]=HPLC. Material and Methods: - "Darmstadt, Germany" (Page 3 Line 7) should be deleted - Please indicate the name of pharmaceutical company and country for production of Aleve PM tablets. Results and Discussion: - Please compare the validation results to the previous data obtained from [15-21]. Table 2: - Please present the unit of calibration range. Fig. 5: - The name of each peak should be presented.	A. Changed the chromatography method B. Altered the No previous method C. Altered the 100-500 mcg/ml D. 15-21 references are revised in the introduction E. Darmstadt, Germany deleted F. Pharmaceutical company and country for production is included G. Calibration range added H. Names of the peaks are added
<u>Optional/General</u> comments	References: - The abbreviation of all reference should be checked and in the same format. - Please check the year of publication of [3].	All the reference are formatted

SDI Review Form 1.6

As per the guideline of editorial office we follow VANCOUVER reference style for our paper.
