SDI FINAL EVALUATION FORM 1.1

PART 1:

| Journal Name: | Journal of Advances in Biology & Biotechnology | |
|--------------------------|--|--|
| Manuscript Number: | Ms_JABB_27899 | |
| Title of the Manuscript: | Total Phenols Content and Antioxidant Power of Manuka Honey Is Related to 24hr Cytotoxicity Towards MCF-7 Breast Cancer Cells | |
| New Title : | Manuka honey-induced cytotoxicity against MCF7 breast cancer cells is correlated to total phenol content and antioxidant power | |
| Type of Article: | Original Research Article | |

PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|---|---|
| Authors proposed that manuka honey is cytotoxic to MCF-7 breast cancer cells in vitro | |
| and the effects are correlated with the total phenols content and antioxidant power. | |
| Such a paper is good both in structure, content and language. | |
| Authors made careful corrections to the review comments, and after minor revision, | |
| the paper is qualified for publication on JABB. | |
| Therefore, I recommend this excellent scientific paper for accept. | |
| | |
| | |
| | |
