PART 1: Review Comments

	Reviewer's comment	Author's comment (<i>if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here</i>)
<u>Compulsory</u> REVISION comments	I read the article but i found it irrelevant to my specialty which is organic chemistry although i found some typing mistakes like there is no space between the words at lines 29,32,36,84,101,102,104,105,126,133,138,169,195,193. So i cannot really help judging this article if u want to redirect it to someone else who is specialized in the biology field that will be better.	The corrections are done as per suggestions
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
