SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Throughout the manuscript, there is no need to spell out the species names fully. A tortilis, B. aegyptiaca and Z. mauritania is adequate after the first mention of the species in full I noted some limitation of English language by the authors and recommend services of an English editor to improve the flow and style Significance level is usually denoted as "P" and not "p"	
<u>Minor</u> REVISION comments	I have given comments within the manuscript for authors considerations	
<u>Optional/General</u> comments
