SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The document shows a poor effort to refer the work in an actual way because the references are too old to strength the research. Methodology is according the research. Citations in the text do not appear in brackets [3] as indications in authors guidelines. References: This section shows a very poor quality of citations, are very old and incomplete. It is not convenient to include the thesis as a reference because of the difficult to recover. It is not in the style of the journal instructions for authors	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Update citations to be current and to reflect the researching spirit of the author(s)
