

SDI Review Form 1.6

Journal Name:	<u>Journal of Agriculture and Ecology Research International</u>
Manuscript Number:	2015_JAERI_16642
Title of the Manuscript:	Effects of sea water intrusion and surface water salinity on irrigation water quality in Ramisi of Kenya
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	1.The study area was shown in Figure 1, maybe the sample points should be shown in it or a new Figure. 2.simplify the content of "Analysis of the samples"	1. Sample sites are indicated by block numbers. 2. The aim of the study was to determine the suitability of water sources in Ramisi in terms of salinity and contaminants levels, risk of salt water intrusion and microorganism's levels. Therefore, we feel it is not over detailed.
<u>Optional/General</u> comments	The paper analyzed water quality with concrete data, the result is persuasive. The paper should be accepted after revision.	We agree with the Reviewer's comments and have made the necessary changes as suggested.
