

SDI Review Form 1.6

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_40241
Title of the Manuscript:	Genetic variability studies involving drought tolerance related traits in maize genotypes.
Type of the Article	Original Research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Table A and Table B must be given combined Long term meteorological records should be given and meteorological record during experiment should be compared long term periods. Maximum temperature of July and August is 30.43 ad 30.29 °C, these values should be checked (the reference must be added) All the references should be revised according to Author Guide of the journal. Page number should be given All the tables should be revised as Journal's style, tables should not be divided.	
Minor REVISION comments	Some minor revisions are needed, all the corrections were made on the manuscript with red and blue color.	
Optional/General comments	Drought tolerance of maize genotypes is important, so this study include some valuable results for water limited areas. After revision it can be published.
